

# Developing Researchers to Work in a Global Context

Dr Julie Reeves  
Faculty of Humanities

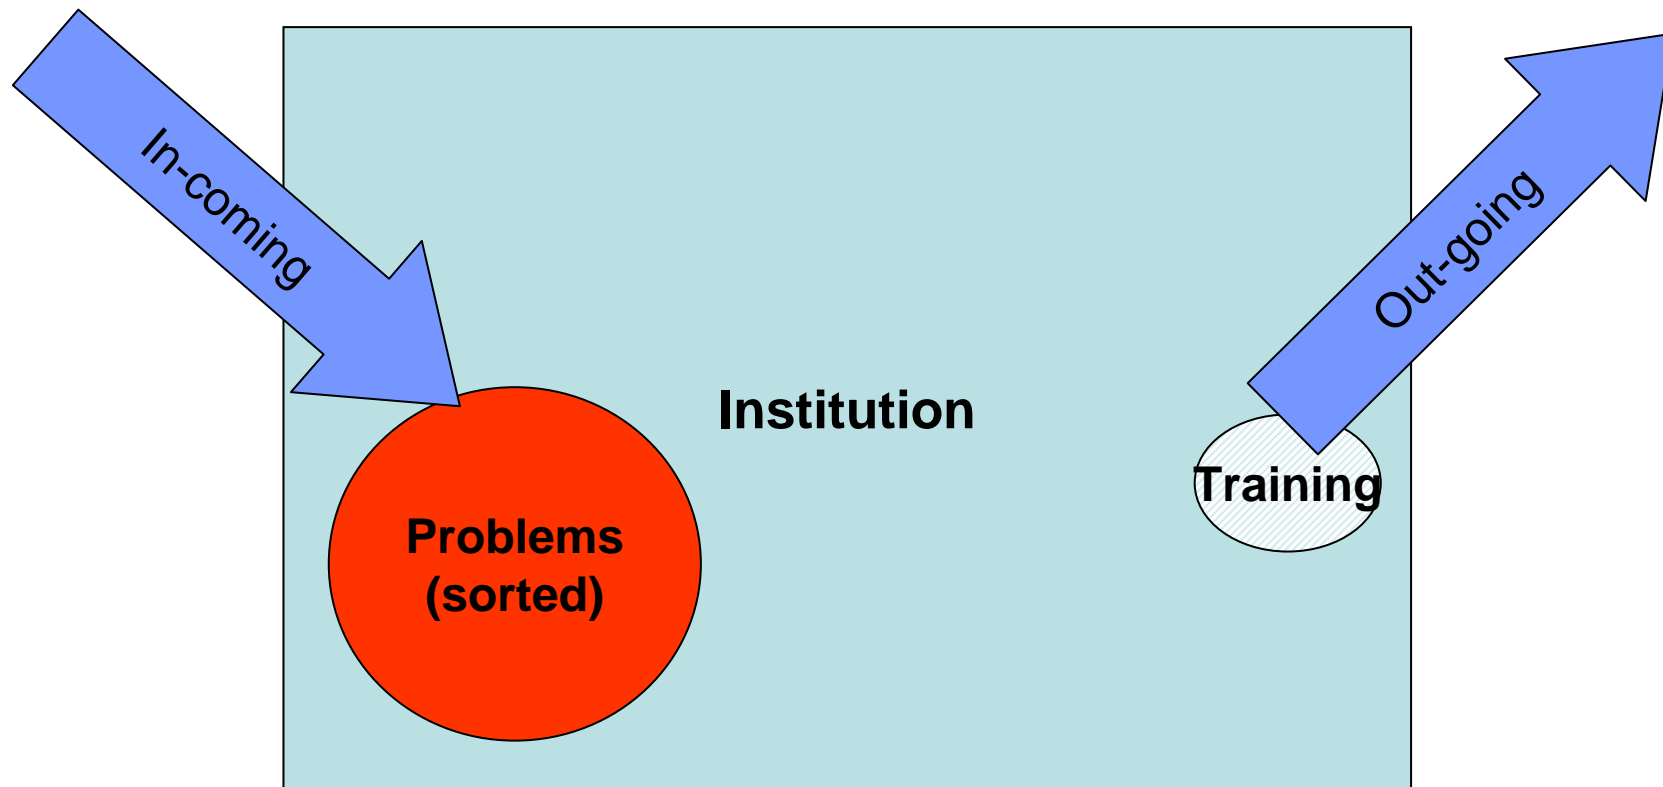

Vitae Researcher Development Conference  
September 2008

The World according to  
HEIs...

**Institution**

## Training according to HEIs...

# Why do training?

## Organisation

- Expectations
- Performance
- Behaviour

## People

Congruence.....

# New demands have global dimension

Income generation

Innovative projects

Collaboration – new partners

Public engagement – knowledge transfer

Others?

## **‘Never underestimate the importance of local knowledge’ - HSBC**

# Problems

1) Technical – reading, writing

Academics

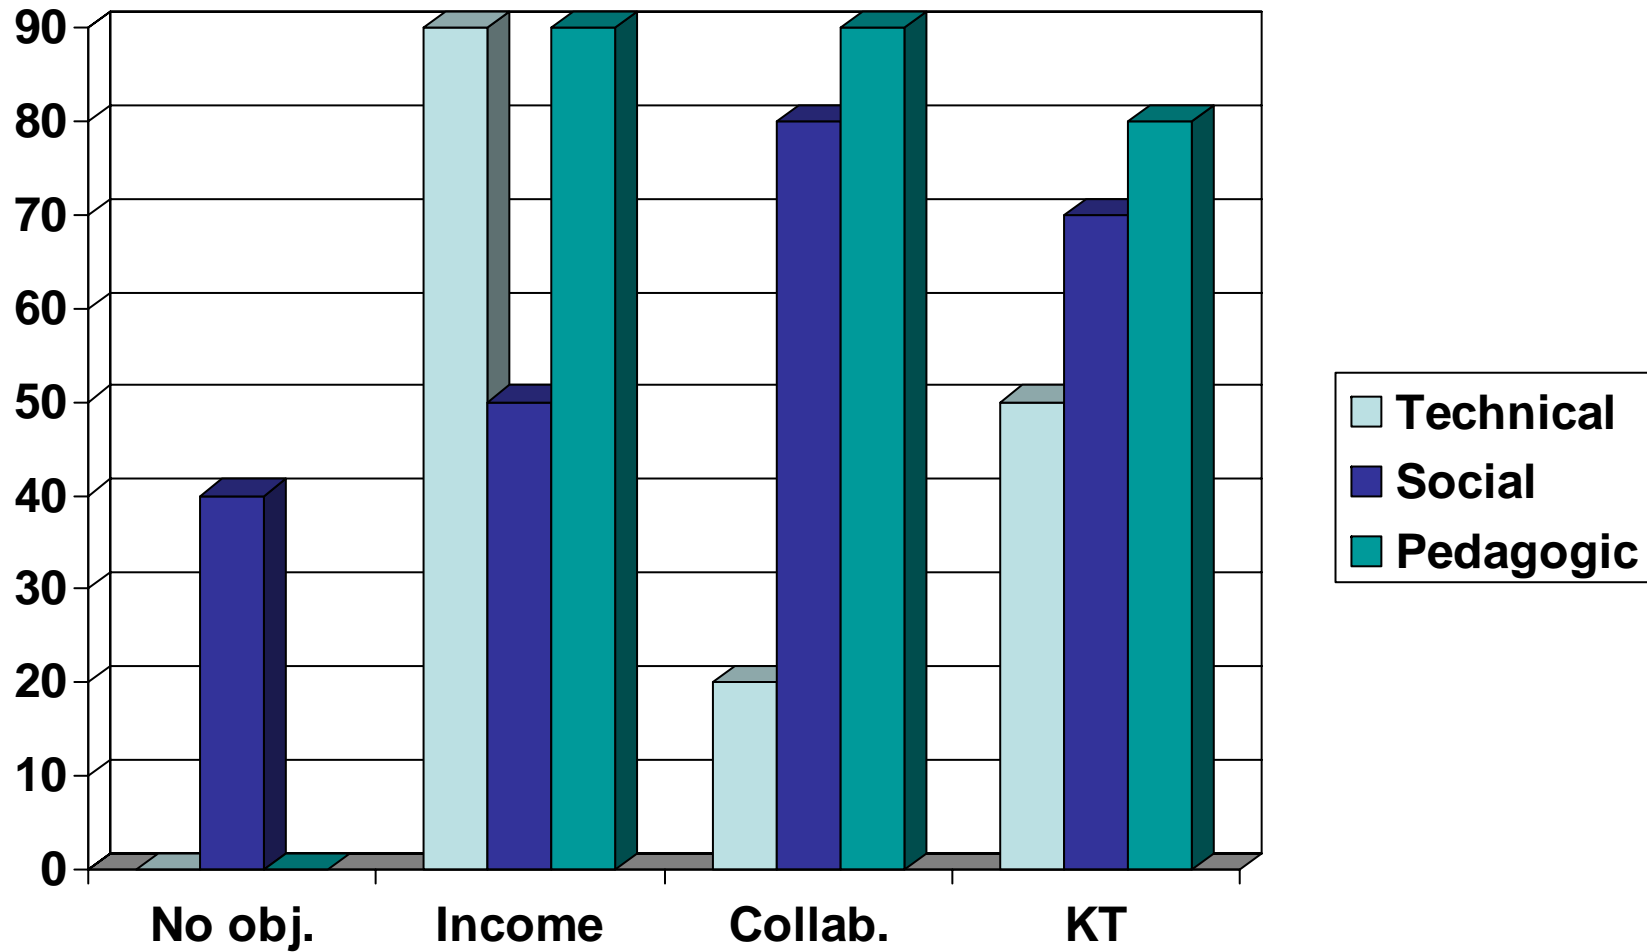

2) Social - etiquette

Administrators

3) Pedagogic – how does it work

Researchers

# What do we want to achieve?

## Back to 'local knowledge'
