

SKILLFLUENCE

Professional Development in Research

Skillfluence design and deliver transferable skills training specifically for researchers, academics and professional staff in Higher Education.

We have more than 30 short courses and 6 in-depth programmes that include:

- Networking & Collaboration
- Connecting with Industry
- The Innovative Researcher
- Communication & Engagement
- Successful Grant Writing

Participants like our highly interactive, practical training style. Our online and in-person methodology is:

- Hands on, experiential and interactive
- Inspiring, motivating and innovative
- Customised for every group
- Practical, applicable tools and techniques
- Knowledgeable and enthusiastic trainers
- Action planning for goal setting and next steps

Our training helps researchers to maximise the social and economic impact of their research and to realise the value their skills and expertise could have on industry and society.

Visit our booth to view our Programme Brochure or contact us at info@skillfluence.co.uk to discuss training possibilities.
