

# What we do

We have been providing training since 2011 & we love what we do! We have a wealth of experience gained from providing professional development skills training to thousands of people in universities & organisations around the UK and Europe, in addition to the knowledge gained from being researchers ourselves.

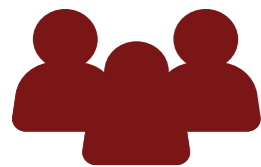

We aim to inspire, encourage, inform and motivate people through training and by bringing people together to learn, share experiences, network & support each other.

"This is the best workshop I have ever been on! It was very interesting and I really enjoyed it!"

"Joanna was an excellent facilitator – the best online training session I have attended!"

"It was excellent and I found it really useful. Excellent – 10 out of 10!"

### Our workshops

Over 25 training sessions designed for researchers that cover career planning, essential skills & writing & publishing. Delivered in person or live online.

### Our clients

We work with over 70 UK universities, in addition to a range of CDTs, European universities & the NHS.

### Self-paced online courses

A suite of asynchronous self-paced bitesize courses that researchers can do at a time convenient to them. These are hosted on our platform.

### Our course participants

We have trained over 15,000 participants through our courses + a rapidly growing number of students & staff registering on our online platform.

### RDF domain mapped

All Electv workshops are designed to complement the Vitae Researcher Development Framework (RDF). Each workshop & course is mapped to one or more domains within the RDF.

### Easy booking process

We make it easy to book our courses. Simply choose the courses you would like from our brochure & email us - we then confirm the date/ times & delivery method with you.
