

Roll the dice again	What were some of the difficulties you encountered and did this have an impact on how the topic was framed?	Move forward once	Did you have any assumptions before starting this work and how did they influence your outcomes?	Move forward two squares	Miss a go	Explain your methodology and why this is best suited to your study	What is the main argument of your thesis?	How does your work develop the literature in the field?	How did you collect your data?
Miss a go	<p>Rules of the game:</p> <p>Play in pairs, or groups of three to four.</p> <p>Take turns to throw the dice and move round the board from the start square.</p> <p>Each time you land on a square, follow the instructions.</p> <p>If a player cannot give an answer, they miss a turn.</p> <p>The winner is the first player to throw the number that takes them exactly to the finish square!</p>								Move forward two squares
What are the most original parts of your thesis?									What are your main findings?
Move forward four squares									What is your theoretical framework and how does it relate to your study?
How did you come to choose this topic for your doctorate?									Move back one square
