11 March 2020

Letter of Commitment to the Concordat to Support the Career Development of Researchers

I, Susan Kay, Executive Director, confirm on behalf of The Dunhill Medical Trust, our commitment to the Concordat to Support the Career Development of Researchers.

The Dunhill Medical Trust fully supports the Principles of this revised Concordat and we intend to uphold our obligations and responsibilities as a signatory.

The ethos of the Dunhill Medical Trust is to promote the development of research capacity and support for the career development of researchers at all stages of their career.

We agree to work collectively and engage with initiatives to address systemic challenges in progressing towards a UK research system where researchers work in healthy and supportive environments. We agree that researchers should be recognised and valued for their contributions in research and beyond, supported in their professional and career development, and equipped and empowered to succeed in their chosen careers.

Yours faithfully

Susan Kay
Executive Director
