FAO Chair of the Concordat Strategy Group

Letter of Commitment to the Concordat to Support the Career Development of Researchers

I, Anne-Marie Coriat, Head of UK and Europe Research Landscape on behalf of The Wellcome Trust confirm our commitment to the Concordat to Support the Career Development of Researchers.

The Wellcome Trust fully supports the Principles of this revised Concordat and we intend to uphold our obligations and responsibilities as a signatory.

The principles and obligations outlined in the concordat reflect an important evolution in clarifying the responsibilities of researchers, supervisors, institutions and funders.

As a member of the Concordat Strategy Group, we will continue to work collectively and engage with initiatives to address systemic challenges in progressing towards a UK research system where researchers work in healthy and supportive environments. We agree that researchers should be recognised and valued for their contributions in research and beyond, supported in their professional and career development, and equipped and empowered to succeed in their chosen careers.

Yours sincerely,

Dr. Anne-Marie Coriat
Head of UK and Europe Research Landscape
